## ABOUT XEINA DRUGS

Xeina Drugs Private Limited is a pharmaceutical licensing company based out of Noida, U.P., India, specializing in the sourcing, representation and marketing of pharmaceutical and allied products.

Since its inception in 2017 with a vision to "Make unique finished dosage forms accessible to the emerging markets", Xeina today has a rich portfolio of super specialized products in stem cell therapy (innovative therapy from Europe for critical limb ischemia, monoclonal antibodies and generic formulations in multiple sclerosis, immunotherapy and Cardio-vasculars, to name a few) by representing some of the leading companies from India (Cadila, Dr. Reddy's, Ipca, Strides, Caplin) and Europe (Polpharma, Adamed, Biofarm, Axco Germany).

With a passion to promote sports and performance goals of professional athletes, Xeina Drugs now introduces XEINA XTREME.

## QUALITY & MANUFACTURING

At Xeina, quality is of paramount importance and this is reflected in every step of manufacturing and product release. We have put in the same standard of care in manufacturing of sports supplements as we do for our pharmaceutical finished dosage forms.

Xeina's contract manufacturing facilities use cutting-edge technology with cGMP, QMS, Hygienic Engineering and EHS, that meet the stringent international standards of NSF, ISO, FSSAI, HALAL and KOSHER, which are approved by various regulatory bodies of India and Overseas.

Every sport supplement batch produced goes through a third-party laboratory testing to ensure that the label claims are adhered to and validate the certificate of analysis issued for each batch.
